

Lithium Iron Phosphate Battery

12.8V / 25.6V

RS-150-12 RS-150-24

Supports series/parallel connection; 12V: max. 4-series.

Extra-long service life with hassle-free installation.

Technical Parameter

MODEL	RS-150-12	RS-150-24
MAIN INFO		
Rated Voltage	12.8V	25.6V
Rated Capacity	150Ah	150Ah
Battery Power	1920Wh	3840Wh
Battery Type	LiFePO4	
Max. Series Capacity	4	2
With BMS	Yes	
CHARGE&DISCHARGE		
Max. Charging Voltage	14.4V	28.8V
Over Discharging Voltage	9.2V	18.4V
Max.continue discharge current	100A	
Max.pulse discharge current	200A 1Sec.	
Max.continue charge current	100A	
GENERAL		
Weight	17.94kg	35.88kg
Dimension (L*W*H)	502*186.5*243mm	522*267.5*222mm
Work Temperature	-10 ~ +50℃	
Cooling Method	Neutral Cooling	
Protection Grade	IP65	
STANDARD		
Transportation	UN38.3,MSDS	
PROTECTION		
Protection	Over charge protection,Over discharge protection,Over current protection Shortcircuit protection,Over temperature protection	

Dimension

RS-150-12

RS-150-24
